[redacted]
Our home is located [redacted]
[redacted] adjacent to the CIA entrance, and we are most
concerned and discouraged by current plans under con-
sideration for the modification of Dolly Madison Blvd.
at the CIA entrance.

We are of the opinion that the Virginia Department of
Highways is attempting to capture federal dollars to
change Dolly Madison Blvd. to a multilaned arterial
expressway which is not necessary because of your present
expansion. The additional traffic associated with your
expansion in no way warrants these changes.

We would like you to be aware of our feelings on this
matter and recommend that:

1. No changes be made on Dolly Madison Blvd.
2. Consider improvements of the G.W. Pkwy. and
Turkey Run Farm entrances to the CIA to handle
a proportionate share of additional traffic.

Thank you for your kind attention.
